Customer Testimonials

S. Ferguson ★★★★★

"Tried other so called 'property cash buyers' looking for a quick sale, with disappointing results. Switched over and sold my house in less than 3 weeks of them stepping through the door to value it! They kept me informed every step of the way and got me a much better price than I had been offered from any quick sale homebuyers."

M. Stolborg ★★★★★

"We were delighted with the service provided and would highly recommend them. The whole team were extremely professional, always polite and couldn't have been more helpful. We were kept fully informed and they made the whole process simple and straightforward. Many thanks indeed, to each and every one of you."

Why Auction?

Usually, property sellers tend to market their property via conventional methods; however, selling property via private treaty frequently involves:

- *A lengthy process.*
- *No firm commitment from a buyer.*
- *A high risk of the sale falling through.*
- *No firm date for completion of the sale.*
- *Re-negotiation of price after the sale is agreed.*

We created our **Auction Solution** to eliminate these traditional pitfalls, which quickly exchanges your property for the maximum price in today's market and **0% Sales Fee**.

Our Auction Department has almost **30 years of experience** selling property across the UK, accumulating **over 6.5 million** page views per year via our **Online Bidding Platform**. Along with instant property feeds to all leading property portals, we guarantee your property receives maximum exposure to attract as many potential buyers as possible.

Our experienced team will oversee the transaction right through to completion. At the same time, you remain in control of any significant decisions, ensuring you feel supported at every step of your property journey.

Auction properties come in all shapes, styles, and values. It's a common misconception that only run-down and distressed properties sell at auction; however, this is not the case. We've successfully sold properties all over the UK, ranging from detached family homes to stylish loft-style apartments via our tried and trusted **Auction Solution**.

Just ask yourself this question...

"Would I like to achieve an acceptable price for my property from a buyer who has paid non-refundable fees to secure my property and in a timeframe that suits me?"

And all with no estate agency fees to pay?"

Did you know?

Less than **1%** of our auction sales fall through. Compared to approximately **30%** of private treaty sales in the UK.

How Does a Property Auction Work?

We will enter your property into a unique auction cycle with a fixed end date. Together, we agree on an attractive **Starting Bid** to market your property and an undisclosed **Reserve Price**. Once agreed, marketing of your property begins immediately via our **Online Bidding Platform** and all leading property portals.

Our Online Bidding Platform in Numbers...

- Total **Property Value Exchanged** Over **£4.1 Billion**
- Total **Properties Exchanged** Over **38,000 Properties**
- Total **Page Views** Per Year Over **6.5 Million**

* Quoted figures logged via our **Online Bidding Platform** since launch & page views inclusive of associated property portals.

- **Starting Bid**

This price is set lower than your reserve price to generate as much interest as possible.

- **Reserve Price**

A minimum price you are seeking to achieve. Your property is not sold for anything less than this amount - unless under your express permission. Only you and the Auction Department are aware of what the **Reserve Price** is.

- **Auction Date**

Your property will sell for the highest bid at auction end, but only if the offer meets or exceeds your pre-agreed **Reserve Price**.

- **Viewings**

We encourage interested parties to view the Video Tour of your property in the first instance, where possible, to maximise the number of potential viewers to your property. We'll only arrange a physical viewing for proceedable buyers, to eliminate time-wasting.

Our legal team partners will produce a legal pack at no upfront cost allowing buyers to carry out their due care and diligence before placing an offer. The legal pack allows all parties to facilitate an exchange of contracts as soon as there is an acceptable offer.
